Hello.

We enjoy Fable 3 in Korea.

Was accidentally discovered this forum in Google.

I learned different ways of modding the Fable 3 here. Thank you.

But that you really want to ...

I have to say I did not get through the Google translator English.

Please note.

I'll talk to my question.

1. Traitor's Keep DLC for non-genuine users there a way to unlock the paid DLC?

2. Is there any way to unlock it, even if not using a paid DLC through the other way?

3. Is there a way to do something as a soldier costume pack?

Let me know if there was a way to pay for the DLC Traitor's keep throne of blood how to unlock ...

Sorry, English and more. Thank you.

3. Yes. You need to modify globals.gdb, but it's can be really painful if you don't know what to do...
