you mean animated?

it is

are you sure you set all options to high?

also check VideoOptionsConfig.xml in game directory, it has many values for tweak

no, I mean when you walk into grass, bushes, ferns - they move out of your way. on x360 its enabled.

I know about that file, but theres know apparent way to change it :/

it's interesting

but I don't know where to start searching

any video\screenshot of it will be very useful

I need position of object (grass\bushes\ferns) that do this trick
and what file? VideoOptionsConfig.xml? open it with notepad
